

# **OPERATION IMPACT**

### "Let your light shine before others, that they may see your good deeds and glorify your Father in heaven." Matthew 5:16

#### INTRODUCTION

Do you want to impact our city? One way to do that is to plug into existing ministries and to serve regularly. Doing so supports local organizations, mends broken lives, and enriches your own soul. This is especially true when you serve alongside brothers and sisters from church. Collective effort can make a big impact!

Operation Impact is a call for you to mobilize your connect group to take action, to serve outside the walls of the church, to minister to people in need, many of whom do not know our Lord. It is not complicated; it simply requires a little effort.

**Research Service Opportunities.** A great first step is to read about service opportunities. This is a good starting place. It contains information about organizations/ministries through which you and your connect group can serve. All of those listed here have avenues for service despite COVID-19 restrictions.

**Mobilize Your Connect Group.** A practical way to mobilize your group is to introduce the ministry 4-6 weeks ahead of time. Describe the service opportunity, and let the group choose between two dates of service. Each week thereafter, remind the connect group about the service project and pass around a sign up sheet.

As your group ministers to others, they will positively impact people, but that is not all. They will also be changed by the Spirit of God.

## **IMPACT OPPORTUNITIES**
