

THE *livewire*

Survivor...

Well, since last we met, we have survived a vacation, a hurricane and another birthday. It has been quite a couple of weeks. As many of you know I also survived a career in the Justice Department with the Federal Bureau of Prisons, (a deep conversation for another day). But suffice it to say I know a little bit about bad guys. That's why I am so happy we have Sheryl Presley with us today. I know you will be blessed by her presentation.

First Responder Sunday

Sunday, October 30th, we will have a time to honor our local first responders.

Between now and then you may see some announcements giving you an opportunity to contribute financially to obtain snacks and bottled water for the Officers and Firefighters at their departments and stations. As you know, our Senior Adult ministry has adopted the Hefner Division. We will always support and assist them as we partner in ministering to our community and those Officers who serve out of the Hefner Division. That is a Senior Adult ministry that is an on-going opportunity for us to serve and be involved in our community

as we continue share Christ.

Celebrate Recovery -

Please pray for this wonderful ministry which has recently begun at QSBC. It continues to grow and will have a godly impact on many lives!

Coffee at Quail

This weekly time of men's fellowship and discipleship is back! This fall they are discovering some wonderful truths from an Adrian Rogers devotional on Thursday mornings at 9:00 am in the Parlor.

The Calendar...

Just a reminder... We will not have Leisure Livewires in November as we enter the Holiday

season and prepare to spend time with family. We will be back together in December for an awesome Christmas program with Randy Parsons and his Capitol Hill Choir. Rumor has it this is their farewell tour as Randy is hanging up the baton.

As always – more on the back...
Wade Crews – Pastor for Senior Adults,
(405) 250 – 8786 cell
