

PERSONAL STORY WORKSHEET

Work on a 2 minute testimony. The goal is to share the story of Jesus changing your life.

- 1. Life before Christ.** What were you like before you met Jesus? Write down **five** adjectives that characterized your life. Now focus on one that best described your life, and let it serve as a theme. (*If you were converted as a child and don't remember much about it, you might describe a later time when you began to have a thriving walk with Christ. Or tell about a life event where you grew in your trust of Jesus. The point is to share how Jesus has impacted your life. This gives testimony to his existence.*) **Note** that you don't need to write out your testimony here in complete sentences. Simply jot down notes that will help you tell your story.

Transition: *I realized I needed a change in my life.*

- 2. Encounter with Christ.** What **circumstances** led you to submit your life to Jesus? What was your **stage of life**? What input did you receive? What triggered the change?

Transition: *My life changed.*

- 3. Life after Christ.** What is the main **difference** in your life? Complete this thought, "After trusting in Jesus, I've become . . ."
